**DETAILED ACTION**

***Allowable Subject Matter***

4. Claims 1-9 are allowed.

***REASONS FOR ALLOWANCE***

5. The following is an examiner's statement of reasons for allowance:

an edge detector configured to detect rising and trailing edges of the clock signal, a second delay signal generator being configured to generate at least one second delay signal whose second delayed edge is delayed by the second delay value in relation to the trailing edge of the clock signal, and a logic unit configured to generate a pulse signal by performing logic operations on the first and second delay signals.

For these reasons claims 1 and 6 are deemed to be allowable over the prior art of record, and claims 2-5 and 7-9 are allowable by dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
